

Inside Heat™ **STYLE 127**

The Inside Heat™ is a bare bones minimum IWB holster built from black saddle leather. The precise molded contours provide the weapon retention. The top is reinforced to ease re-holstering, and the powder coated spring clip holds it securely to your belt. It is only available in black saddle leather.

Invader™ **STYLE M65**

The Invader™ is an extremely comfortable synthetic IWB, tuckable holster. The body pad is built from edge bound neoprene, ballistic nylon and other synthetic materials, while the formed holster component is precision thermo-molded from sturdy Kydex® sheet. The durable C-Clips are made of glass-reinforced nylon for lasting durability. This model is easily user adjustable with included hex wrench. J- Clips are also available separately.

C.H.A.M.P.™
STYLE 128

The CHAMP™ is a new holster concept from DeSantis Gunhide®. Moving just one screw will change this model from right to left hand. The CHAMP™ is very compact, and it has adjustable cant. The adjustable tension device and trigger guard detent keep your pistol securely seated. (Optional paddle is available for purchase.) The CHAMP™ is soon available for the Glock 26, 27, 19, 17, 22, 23, 36, 42, S&W M&P Shield & S&W J Frame 2". Others will soon follow.

T-Gat™
STYLE 131

The T-Gat™ is a trailing-slot belt scabbard made of premium saddle leather. Highly detailed molding and a reinforced thumb break, achieve retention. It also has a molded in sight track. The T-Gat™ can be worn cross draw (10-11 o'clock) or strong side (3-4 o'clock). It is now available for popular large framed autos.

Incognito™
STYLE M66

The Incognito™ is available in two sizes. This holster is built from a sturdy 1060D padded Senior Ballistic Nylon and cleverly hides your small semi automatic handgun in plain sight! It can be worn both horizontally and vertically and is held closed by a Velcro® fastener.

Range Master™ **STYLE 129**

The Range Master™ is designed primarily as a range holster. It is an updated version of a model made by DeSantis over 40 years ago. It was designed for police competition using factory "street guns" without modifications or special sights. The updated version features an injection molded 2 1/4" slotted belt hanger at boarder patrol height. It also features an adjustable tension device for user adjustment.

Range Master™ Kydex® **STYLE 130**

The Range Master™ (Kydex®) is designed primarily as a range holster. It features our 2 1/4" slotted belt hanger as well as an adjustable tension device for user adjustment. The style 130 is now available for most medium and large frame popular semi autos.

The Nylon Safety Star®
STYLE M64

The Nylon Safety Star® is a level II security holster designed for the armed security or police officer. It is built from rigid molded ballistic nylon with a core of sturdy polymer. It requires two distinct movements before being able to draw the weapon, thus simplifying the training process. The thumb break must be disabled and the rotating hood must be manually rotated forward. With a little practice, this can be accomplished in very rapid fashion and affords the operator a good degree of security from an adversary. It rides at a height that is comfortable and very accessible and features our injection molded 2 ¼ " slotted belt hanger. The Nylon Safety Star® is available for many popular duty revolvers and auto loaders.
