DeSantis didn’t invent concealment, we just perfected it®, and perfect it we did!

Concealment holsters are the foundation of DeSantis Gunhide® and we work hard to improve upon them every single day. Our designs have been honed for almost 50 years through feedback and collaboration from our friends and customers at the FBI, Secret Service, TSA, DHS, Customs and Border Protection, and many others. Our unparalleled effort and experience have made us the trendsetters within the industry and producers of the most sought after holster line in the world.

We are constantly creating new, cutting edge designs for the latest products that the firearms industry has to offer. This year alone we are unveiling 9 completely new holster models with almost 1000 new fits. What originally took me hours to manufacture at the kitchen table, can now be made in minutes – only better in every way! Making a single custom holster that looks and fits well is easy. Making 1000 holsters, exactly the same, all perfect in every detail, requires engineering. That’s what you get from our products: consistency, accuracy and dependability. At DeSantis, we continually invest in the most modern manufacturing technology allowing us to deliver the finest engineered products to the market. We’ve also determined that some technology just can’t be improved upon and continue to use a few time-tested needle and awl saddle stitchers designed in the 19th century.

Similarly, our Constitution has withstood the test of time and continues to be relevant in an age of rapid political and technological change. A wariness of tyrants drove our founding fathers to explicitly protect every American citizen’s right to own firearms. All 50 states now have active concealed carry laws that allow their citizens the option to carry a firearm. We encourage everyone to continue the fight to remove any negative stigmas surrounding gun ownership and to focus on the positive benefits of education, training and having the skills to protect yourself.

While our world may be changing rapidly, we here at DeSantis Gunhide® hold firm to a few constants. Instead of outsourcing abroad, we make our products right here in New York, USA. DeSantis is a hands-on veteran owned, family business in an era of increasingly depersonalized multinational companies. Whether it is for our men and women in uniform, emergency crews, or private citizens wishing to exercise their Second Amendment right, we will always outfit our customers with the highest quality holster products.

With this latest catalog, we dedicate and honor those who fight to defend our freedoms and protect our loved ones as we look forward to a bright future in 2020.

Gene DeSantis, CEO 2020

The DS Paddle™ holster is made entirely of Kydex® sheet and is an exceptionally light and compact holster. Minimal friction between gun and holster results in a smooth draw. This model also comes with a belt attachment. The paddle is adjustable for forward to rearward cant. Dual tension device and precise molding give this holster a perfect fit.
**The Facilitator®**

**STYLE 042**

The Facilitator® is constructed of rigid Kydex® sheet and reinforced polymers for strength and durability and features our Redi-Lok™ trigger locking device. It can be worn strong side or cross draw. The style 042 is slim, making it much more concealable than the competition. The combat-proven Redi-Lok™ makes this model very secure and snatch resistant. Patented.

**Just Cause® 2.0**

**STYLE 182**

The Just Cause® 2.0 is our latest safety holster (uniform) built from thermoformed Kydex® sheet and glass reinforced polymers. It features a rotating hood and a self-locking thumb-activated trigger guard lock that is very intuitive. It comes standard with a border patrol style back, but all our Tap Out accessories will also work with this model. The Just Cause® 2.0 is now available for Glock® and Smith and Wesson®. Other models will follow.
The Thumb Break Mini Slide® features double stitched seams and precision molding. This twin 1.75 inch slotted pancake-style holster is fitted with an adjustable tension device. Available in premium black or tan saddle leather.

The Quick Snap® features a one-way snap on belt loop for easy on and off and precise molding. It will accommodate belts up to 1.5 inch wide. Available in premium black and tan saddle leather.

THUMB BREAK MINI SLIDE®
STYLE 085

The Thumb Break Mini Slide® features double stitched seams and precision molding. This twin 1.75 inch slotted pancake-style holster is fitted with an adjustable tension device. Available in premium black or tan saddle leather. Available for autos and revolvers.

QUICK SNAP®
STYLE 027
With a three-slot design, the Cocked & Locked Thumb Break Scabbard™ allows you to carry your Government Model .45 auto Springfield Operator and clones in a cocked and locked position. Featuring highly detailed precision molding makes this beauty a great choice for the trained professional. Available in premium black saddle leather.

**Cocked and Locked Thumb Break Scabbard™**
**Style 1CL**

The Thumb Break Scabbard™ is presented at an optimum draw angle. Its thumb break and exact molding, together with a tension device, allow for a secure and highly concealable carry. This picture illustrates the three-slot model. Belt slots are 1.75 inch wide. NOTE: Some models with two belt slots and/or without tension device. Available in premium black or tan saddle leather. (Also available in lined and basketweave.) Available for both autos and revolvers.

**Thumb Break Scabbard**
**Style 001**

The Tac-Lite™ is molded to exacting specifications for secure and concealable carry. This model features three slots for multiple carry options. Available for many gun and light combinations. Available in premium black or tan saddle leather.

Viper® 2.0  
STYLE 175

The Viper® 2.0 is a classic conventional OWB leather holster. It has a forward swept 15 degree cant in a left or right hand configuration. Available in black or tan with suede lined leather around an adjustable tension system for the perfect draw stroke every time.

MINI SLIDE®  
STYLE 086

Belt

The Mini Slide® features double stitched seams and precision molding. It is designed to meet the needs of plainclothes professionals preferring a tight riding holster without a thumb break. The Mini Slide® is fitted with a screw tension device and 1 3/4” slots. Available in premium black or tan saddle leather.
The Speed Lite™ is our speedy version of our Tac-Lite™ holster. We eliminated the thumb break for an even faster draw. It is molded to the exact specifications for secure and concealable carry. Available for many gun and light combinations. Available in premium black or tan saddle leather.

**SPEED SCABBARD®**
**STYLE 002**

The Speed Scabbard® is designed to meet the needs of plainclothes professionals preferring a holster without a thumb break while still providing firearm retention. This is accomplished with precise molding and a tension screw device. Belt slots are 1.75" wide. Note: Some models come with two belt slots and/or without tension device. Available in premium black or tan saddle leather. Available for both autos and revolvers.

**SPEED LITE™**
**STYLE 132**

The Speed Lite™ is our speedy version of our Tac-Lite™ holster. We eliminated the thumb break for an even faster draw. It is molded to the exact specifications for secure and concealable carry. Available for many gun and light combinations. Available in premium black or tan saddle leather.
MINI SCABBARD®
STYLE 019

Belt

This unique holster has been reduced to the barest of essentials, yet offers a secure grip on the handgun thanks to exact molding and adjustable tension device. The belt loop accommodates up to 1 ¾” belts. Note: some models without tension device. Available in premium black or tan saddle leather. Available for both autos and revolvers.

FLETC™ 2.0
STYLE 172

Belt

In collaboration with the Federal Law Enforcement Training Center, the FLETC™ 2.0 is a snub nose revolver holster built to perform. Tan premium saddle leather cradles a small revolver at a comfortable 15 degree cant. Paired with an ammunition pouch that will hold a Speedloader, Swift Strip™, or the 2x2x2 (user choice), the FLETC™ 2.0 allows the wearer plenty of ammo for the wheel gun. Please specify ammo accessory when ordering.

E-GAT SLIDE™
STYLE 115

Belt

The E-GAT Slide™ is a basic neutral cant concealment OWB holster that works equally well on the strong side or cross draw. We have simplified this holster’s production process to save you quite a few bucks without costing you anything in performance. Available in top grain black leather. Available for both autos and revolvers.
DeSantis | OWB

**SKY COP® (CROSS DRAW)**
**STYLE 068**

The Sky Cop® is a cross draw holster designed to accommodate large frame auto loaders and small frame revolvers. The Sky Cop® will accommodate belts up to 1 ½” wide and features an adjustable tension device. Available in premium black saddle leather. Available for both autos and revolvers.

**Belt**

**S.O.B. (SMALL OF BACK)™**
**STYLE 067**

The Small of Back™ holster secures your pistol in one of the least obtrusive and most discrete areas for concealed carry. It is constructed of premium grade saddle leather and is highly detail molded. Features 1 3/4” belt slots and tension device. Available in premium black or tan saddle leather. Available for both autos and revolvers.

**Belt**

**CRISS CROSS™ SURVEILLANCE HOLSTER (CROSS DRAW)**
**STYLE 155**

The Criss Cross™ has a reinforced mouth for easy reholstering and features an adjustable tension device. The belt slots will accommodate belts up to 1 1/2” wide. Available in premium black or tan saddle leather.

**Belt**
Dual IWB/OWB
SL RAPTOR® (WITH LOCK)
STYLE 147

**Belt**

The SL Raptor™ is a self locking OWB/IWB Kydex® thermoformed holster. It is formed with a curved back with most of the detailed molding on the outer portion. This adds to both comfort and concealability. The SL Raptor™ comes with belt loops for 1 ½” and 1 ¾.” It also features a Redi-Lok™ (trigger locking device) and a rear sweat guard. It is also compatible with the Y94 Tuckable Adaptors.
The Intruder® 2.0 is an IWB/OWB configurable unit. Comfort is the key with modular OWB belt loops, tuckable struts for concealed carry, and user set cant angle. The premium steer-hide is coated in polyurethane to protect the leather and the gun. The bodies are molded from Kydex® for a precise retained firearm fit.
THE OSPREY™
STYLE 159
The Osprey™ is a trailing slot OWB/IWB holster. The belt slots will accommodate belts up to 1 1/2" wide. The IWB strap is cant-variable and easily removable without tools. Available for medium and large autoloaders. Available in premium tan saddle leather. Patented.

VARIABLE 13™
STYLE 170
The Variable 13™ is a 50/50 flat molded OWB/IWB holster made from the premium saddle leather. The flat molding makes the Variable 13™ an ambidextrous holster. Removable and reversible belt loops allow wearers to adapt the holster to their preferred configuration. The Variable 13™ is easily worn with a straight or FBI cant, and features an adjustable tension device. It is also compatible with the Y94 Tuckable Adaptors.

DUAL CARRY II®
STYLE 033
If you don’t want to purchase multiple holsters, the innovative Dual Carry II® can be used as both an IWB and OWB concealed carry solution. This versatile holster features our Tuckable 360° C-Clip for unlimited positioning and adjustment in IWB mode. The Dual Carry II® is made from soft non-molded black leather with thumb break and integral belt loop, making it optimal for OWB carry. Available in non-molded black leather. Available for both autos and revolvers.
The Slim-Tuk™ is a new, minimal ambidextrous IWB holster fashioned from Kydex®. One of the most unique features of this IWB holster is that it uses our tuckable 360™ C-Clip, which affords the wearer unlimited mounting options. The hardware can be easily reversed to change from right to left. The Slim-Tuk™ is precision molded from sturdy Kydex® sheet and features a rugged nylon clip. It is available for many concealable handguns.
The Invader™ is an extremely comfortable synthetic IWB, tuckable holster. The body pad is built from edge bound neoprene, ballistic nylon and other synthetic materials, while the formed holster component is precision thermo-molded from sturdy Kydex® sheet. The C-Clips are made of glass-reinforced nylon for lasting durability. This model is easily user adjustable with included hex wrench. Optional J-Clips available. Available for both autos and revolvers.

The Infiltrator™ “AIR” IWB holster is adjustable for both height and cant. The front holster component is precision-molded Kydex®, tension adjustable, and the back component is all synthetic and “breathable” material. It is fitted with our tuckable C-Clips. Optional J-Clips available.

The Hidden Truth® is an appendix holster with integral Mag Pouch. Built from 100% Kydex®, it is adjustable for both height and cant. It comes with “C” clips. “J” clips are optional accessories.
The Tuck-This® II is built from heavily padded 1060D black ballistic nylon and lined with slick pack cloth. The widely adjustable belt tab can swing from cross draw to FBI-strong side carry. The tab allows the shirt to be tucked down in between the gun and trousers affording nearly total concealment. Auto loader versions of the Tuck This® II will have a magazine pouch built into the front holster spine. Optional thumb break (M28) available. Optional C-Clip available.

The Pro Stealth™ is made of premium padded 1060D black ballistic nylon. The 1 3/4” sturdy powder-coated black spring clip keeps this beauty securely anchored to your belt. The Pro Stealth™ is ambidextrous and a spare magazine pouch is standard for auto loader models. Optional thumb break (N99) is available. Available for both autos and revolvers.
The Inner Piece® is a padded 1060D ballistic nylon IWB holster designed for appendix carry. The Tuckable 360® C-Clip allows adjustment for both height and cant. The integrated magazine carrier is positioned for quick reloads.

VANQUISHER™
STYLE M71

The Vanquisher™ is an ambidextrous tuckable IWB holster that can be adjusted for both height and cant. It is built from padded 1060D ballistic nylon, and two sizes will fit almost all concealable handguns.

VARIABLE™ 87
STYLE M93

Variable™ 87 is a new light weight IWB holster made from 1060D Ballistic Nylon, closed cell foam, and lined with slick pack cloth. It is also fitted with the DeSantis Tuckable 360° clip for unlimited cant adjustment and integrated sweat shield. This feature allows operator to wear this holster on any part of the waistline. The M93 is built in 6 different sizes to accommodate today’s most popular concealable handguns.

INNER PIECE® 2.0
STYLE M89

The Inner Piece® is a padded 1060D ballistic nylon IWB holster designed for appendix carry. The Tuckable 360° C-Clip allows adjustment for both height and cant. The integrated magazine carrier is positioned for quick reloads.
SOF-TUCK®
STYLE 106
Belt
The Sof-Tuck® features our Tuckable 360° J-clip making it both tuckable and adjustable for cant and height. It is built from soft, no-slip suede and reinforced at the top with premium saddle leather to aid in reholstering. The style 106 is available for most concealable handguns. Optional C-Clip available. Available for both autos and revolvers.

SOF-TUCK® 2.0
STYLE 179
Belt
This polyurethane lined leather IWB holster features a reinforced top lip to add strength and aid in reholstering. Using the Tuckable 360° C-Clip, the Sof-Tuck® 2.0 contours to your exact carry angle and ride height preference.

POCKET-TUK®
STYLE 111
Belt
Pocket
The Pocket-Tuk® is a dual purpose pocket and tuckable IWB holster. This features our Tuckable 360° C-Clip making it both tuckable and adjustable for cant and height. The reinforced mouth aids in reholstering, and the suede construction helps keep it all in place. Each Pocket-Tuk® is supplied with a hex key to facilitate clip adjustment or removal for pocket carry. Available for both autos and revolvers.
The Cozy Partner® features a tension device and precise molding for handgun retention. A memory band retains the holster’s shape for easy one handed reholstering. 1 3/4” split belt loop is standard. Available in premium black or tan saddle leather for both autos and revolvers.

COZY PARTNER®
STYLE 028

Belt

The Inside Heat™ TB is an IWB holster with thumb break. The precise molded contours along with the added thumb break provide excellent weapon retention. The top (mouth) is reinforced to ease reholstering and the powder-coated spring clip holds it securely to your belt. Available in black saddle leather only for both autos and revolvers.

INSIDE HEAT™ TB
STYLE 187

Belt

New!
THE INSIDER®
STYLE 031

For concealment with comfort, The Insider® contains design features to minimize bulk. It is made with a heavy duty spring steel clip positioned high for deep cover. Available in black non-molded leather only. Available for both autos and revolvers.

FLEX-TUK™
STYLE 113

The Flex-Tuk™ tuckable IWB for the S&W J frame 2” can be worn comfortably as an appendix carry or a cross draw and everything in between. The specially formed mouth allows effortless reholstering. It is fitted with our Tuckable 360™ C-Clip making it both tuckable and adjustable for cant and height. Our highly concealable J-clip and hex key are also supplied. Available in premium tan saddle leather.
INSIDE HEAT™
STYLE 127

The Inside Heat™ is a bare bones minimum IWB holster built from black saddle leather. The precise molded contours provide the weapon retention. The top is reinforced to ease reholstering, and the powder coated spring clip holds it securely to your belt. It is only available in black saddle leather. Available for both autos and revolvers.

SUMMER HEAT™
STYLE 045

The Summer Heat™ is a bare bones minimum IWB holster built from premium saddle leather. Its finely molded contours provide the weapon retention. The top is reinforced to ease reholstering and the powder coated spring clip holds it securely to your belt. Available in premium tan saddle leather for both autos and revolvers.
Specialty
When we designed the original Nemesis®, we thought that it would remain the best pocket holster forever! Well, it just got even better! The Super Fly® has outdone even the best! Super Fly’s® new exclusive sticky rubberized fabric is even more viscous than the Nemesis®. We have also added a removable, reversible outer flap to even further disguise the firearm. This pocket holster will stay in position in your pocket, and the inside is made of slick pack cloth for a low friction draw. It’s ambidextrous and available for both autos and revolvers.

POCKET SHOT™
STYLE 110

Pocket

The Pocket Shot™ is an alternative to conventional pocket holsters. It can be easily carried in the front or rear pant pockets and presents a very low signature. The pistol is inserted from the top and is held in place by the friction fit of leather and rubber. Available in black leather. Please note: ATF has not classified this holster as an “AOW.”

SUPER FLY®
STYLE M44

Pocket

Pocket
DeSantis | Specialty

CARGO NEMESIS®
STYLE M52

This ambidextrous holster was designed to fit inside the thigh pocket of most cargo pants. It is built from a very viscous material. The Cargo Nemesis® is quite sticky and will absolutely not move out of position in the pocket. This model is reinforced and stiffened at all areas that need it. The style M52 keeps your firearm at arms reach and out of sight. The inside is made of slick pack cloth for a no friction draw. This holster is available in seven sizes, and they are all different in width.

Caution: Carrying in an oversized cargo pocket might permit holster to move, allowing it to shift out of place or rotate. Available for both autos and revolvers.

THE NEMESIS®
STYLE N38

The original Nemesis® has revolutionized pocket holsters. This pocket holster will absolutely not move out of position in your pocket. The inside is made of a slick pack cloth for a low friction draw and the core is just the right amount of foam to break up the outline of the gun. It’s ambidextrous and available for both autos and revolvers.
PISTOL PACK®
STYLE N65

The Pistol Pack®, N65 with its heavy duty spring clip is a lightweight caddie. The clip will securely fasten onto belts up to 1 3/4” or directly onto your jeans. This will accommodate the NAA Guardian .32 and most other similar size small autos, along with a spare magazine. Heavy-duty YKK zippers and padded ballistic nylon assure you many years of faithful service. It also features a “D” ring to accommodate a lock when storing your handgun. Please specify gun when ordering. Dimensions: 6 1/2” x 4 1/2” x 5/8”.

BELLY BAND HOLSTER™
STYLE 060

A five inch wide elastic band incorporates three pockets to conceal your essentials. The Belly Band Holster fits most concealable handguns. Available in black or natural in sizes small, medium, large, X-large and XX-large.

OPTION 4 BELLY BAND HOLSTER™
STYLE 061

The Option 4™ Belly Band Holster is a comfortable, flexible, and breathable holster that offers numerous ways to carry small to medium pistols or revolvers. Your weapon or weapons can be carried in a neutral or forward cant, low on the hips. Available in sizes small to extra large (28”-48”) in black only.
LEATHER ANKLE HOLSTER™
STYLE 044

The Leather Ankle Holster is made with a Velcro® closure for ease of putting on and taking off. Securing the weapon is accomplished by the use of a positive-snap device. It is exactly molded to the gun it is designed to carry offering positive retention and reliability. The style 044 has foam-padded suede for comfort. Available in premium black saddle leather. Optional support strap (C14) is available. Available for both autos and revolvers.

APACHE® ANKLE RIG
STYLE 062

The Apache’s® wide elasticized leg band largely eliminates the unwanted rocking motion commonly associated with ankle holsters. The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolver and small autos feature an adjustable thumb strap (without snap, Velcro® closure.) Made with genuine sheepskin padded lining for comfort. Optional support strap (C14) is available.

NOTE: Right handed shooters should order right-handed ankle rigs, which are worn on the left leg.
DUAL ANGLE HUNTER HYBRID™
STYLE M90
The Dual Angle Hunter® Hybrid is the latest rendition of our very successful original Hunter from the 1970s. The Hybrid is built from 1060D Senior Ballistic Nylon and a smooth pack cloth lining with a core of closed cell foam. The upper portion is made from premium saddle leather. It is ambidextrous without any adjustments for hand preference. Available immediately from inventory for most 4" and 6" hunting revolvers.

DUAL ANGLE HUNTER®
STYLE 016
The Dual Angle Hunter® was specifically designed with the hunter in mind. This innovative holster incorporates two separate belt slots in the belt loop, thus allowing the holster to be worn at two different angles. It is unique because the wearer has the option to wear it as a "conventional hip holster" or "radical cross draw". The radical cross draw position is especially effective when using a large revolver riding horseback or in a seated position. The Dual Angle Hunter fits belts up to 1¾". Available in premium tan saddle leather and comes suede lined only.

WILD HOG™
STYLE 189
The Wild Hog™ Field and Range Holster can be worn cross draw or with a forward cant and is ambidextrous. It’s built from premium top grain steer hide and center cut steer hide and features an adjustable tension device. It is now or soon will be available for most SAA revolvers, large frame DA revolvers and many large autoloaders as well. It accommodates belts up to 1¾".
MARE’S LEG™
STYLE 181

Originally designed to carry the Mare’s Leg rifle, this premium Western rig will carry your Henry, Rossi, Winchester Randall, or Chiappa Mare’s Leg rifles with comfort and security. Its clever design is adjustable for both right- and left-handed carry. It’s built from a combination of premium saddle leather and center-cut steer hide. The 20 cartridge holders are for 44/45 caliber and are also available for .22/.22 magnum. Fits belts to 1 ¾” max.

YUKON™ HUNTING RIG
STYLE M72

The Yukon™ Hunting Rig features a fully adjustable Ballistic harness. It is available in two sizes; large semi-auto and large revolver. Both have integral ammo holders.

BLACK MAMBA™
STYLE M40

The Black Mamba™ was designed for handgun hunters who were the first in civilian life to pick up on chest carry. Concealment wasn’t an issue and a big revolver was comfortable and accessible in this position. The Black Mamba™ even carries the 72 ounce S&W 500 with total comfort and security. It is built from molded-ballistic nylon.
NEW YORK UNDERCOVER™
STYLE 11D

Shoulder

The New York Undercover Rig™ has been around since the early 1970’s. It has gone through numerous revisions since then and is now in its finest form. This shoulder holster is detail molded to fit the exact firearm it is designed to carry. Each rig is shipped fully assembled with a double ammo carrier. Additional accessories are available. This harness will fit up to a 54 inch chest and pivots at all four junction points. Available in premium black or tan saddle leather.

THE PATRIOT®
STYLE N84

Shoulder

The Patriot® is our latest improvement of the original Sidewinder™ Rig. The Patriot® has an updated thumb break system that is both good-looking and very functional. The holster and double pouch components are built of padded ballistic nylon. The all-new shoulder harness is wide for excellent weight distribution and is instantly adjustable by using the Ladder Lock Straps™. The harness is both padded and lined with high-friction synthetic suede for extra stability. The Patriot® is ambidextrous and is available for most popular handguns. Available for both autos and revolvers.
NYLON KURZ™ SHOTGUN CASE
STYLE M92

Shoulder

The Nylon Kurz™ Shotgun Case is the latest take on the traditional shotgun scabbard. Designed around the popular 14” pump action firearms in 12, 20, and .410 gauge, the Kurz™ allows easy and safe transport of your gun and shells. It is crafted from 1060D Senior Ballistic Nylon and a smooth pack cloth lining a core of closed cell foam. The attachments are made from premium saddle leather. The Kurz™ case sports an ambidextrously configurable non-slip shoulder strap. It also features a removable gauge-specific ammunition carrier. Additional carriers in various gauges are sold separately.

KURZ™ SHOTGUN CASE
STYLE A88

Shoulder

The Kurz™ Case is a new take on the traditional shotgun scabbard. Designed around the popular 14” pump action firearms in 12, 20, and .410 gauge, the Kurz™ allows easy and safe transport of your gun and shells. Crafted from premium center cut cowhide and trimmed in full grain saddle leather, the Kurz™ Case sports an ambidextrously configurable non-slip shoulder strap. It also features a removable gauge-specific ammunition carrier. Additional carriers in various gauges are sold separately (Style A89).

RANCHERO
STYLE 183

Belt

This Premium Western Rig was built specifically to keep your firearm on your belt, right on your side. It comes in two different sizes that accommodate either your Shockwave and other similar shotgun variants or Mare’s Leg rifles. It’s built from a combination of premium Saddle leather and Center Cut Steer Hide, and the design is ambidextrous.
Our handcrafted belts are built from extra heavy premium saddle leather, suede lined in tan or black, and feature removable buckles. Our belts exhibit the natural scarring and blemishes from the hide. Therefore, each has its own distinctive appearance.

Black belts feature a nickel buckle with black hardware. Tan belts feature a brass buckle.

Our belts are oversized to anticipate the room needed for holsters and accessories. To ensure the best fit, order your belt in the same size as your regular pants size.

DeSantis | Accessories

The Inner City Slicker™ coin purse, Style A94, is built from premium saddle leather and finished in a rich black cherry shade. It secures to your belt with a strong one directional snap fastener. It will carry all of your coins and other small weighty articles with comfort and confidence. It offers great safeguard in congested city areas, while vacationing abroad, or anywhere you can’t bring your gun. The Inner City Slicker™ can be carried in your handbag, in your pocket, or wrapped around your belt for rapid presentation.

INNER CITY SLICKER™
STYLE A94

The City Slicker™ coin purse, Style M63 is built from fine glove leather and lined with sturdy pack cloth. It has a removable pants clip and a strong nylon hand strap. The City Slicker™ will carry all of your coins and other small, heavy items with comfort and security. It offers great protection in crowded city areas and while vacationing abroad. The City Slicker™ can be carried in your handbag, tucked into your pants, or worn in your jacket or pants pocket.

CITY SLICKER
STYLE M63

The City Slicker™ coin purse, Style M63 is built from fine glove leather and lined with sturdy pack cloth. It has a removable pants clip and a strong nylon hand strap. The City Slicker™ will carry all of your coins and other small, heavy items with comfort and security. It offers great protection in crowded city areas and while vacationing abroad. The City Slicker™ can be carried in your handbag, tucked into your pants, or worn in your jacket or pants pocket.
2X2X2 CARTRIDGE POUCH™
STYLE A08
Patent No. 4,262,833.
This unique pouch maximizes both security and speed of loading. The six cartridges are separated in tiers which can be loaded into the cylinder in three controlled steps. Patented. Note: .44mag pouch and .50 cal. is 3x3 design.

THE SWIFT STRIP™
STYLE T11
Swift Strips™ are a compact and handy device for loading revolvers. They fit in most single mag/knife pouches, trousers, etc. It is injection molded from a flexible polymer material and holds 6 rounds of .38/.357 ammo and loads two at a time. Sold in a two-pack.

DOUBLE MAG ANKLE HOLSTER™
(AMBIDEXTROUS)
STYLE N81
The Double Mag Ankle Holster™ carries two backup magazines comfortably Velcroed on the ankle. It is made of expandable neoprene and is available for most caliber magazines.

CLIP GRIP®
STYLE T07
The Clip Grip® accommodates S&W J frame, round butt revolvers. It is constructed of an engineering grade reinforced polymer. The sharply checkered panels allow for continuous gun control while shooting. The T07 allows the user to tuck the revolver inside the waist-band when it is not feasible to use a holster. The Clip Grip™ can still be used with most holsters.

CARGO NEMESIS® POUCH
STYLE M79
The Cargo Nemesis® Mag Pouch holds two mags securely in the cargo pants pocket. Made from sticky Nemesis® rubberized fabric.
THE RELIANT™ STYLE A84

The RELIANT™ is ambidextrous and keeps the magazine both high and tight. It is built from premium black or tan saddle leather. It is immediately available for most common handgun calibers. Accommodates up to 1 3/4” belt loop.

HIDDEN CACHE™ STYLE A85

The HIDDEN CACHE™ is an ambidextrous, tuckable IWB magazine pouch that can be adjusted for both height and cant. It is built from premium black or tan saddle leather. It is immediately available for most common handgun calibers. Adjusts to any position.

SECURE MAGAZINE POUCH™ STYLE A47

The A47, (single pouch) with clip has a unique magazine-tension device inside for added security. Available in black or tan.

FT.U. MAGAZINE POUCH™ STYLE A49

The A49 has a vertical belt loop. It accommodates belts up to 1 1/4”. Featuring an adjustable tension screw, it is available in black or tan leather. Please specify right or left hand upon ordering.
BALLISTIC NYLON DUTY BELT™
STYLE M20
The M20 is crafted from padded 1050D senior ballistic nylon, a heavy polymer stiffener, and Velcro(R). The three ingredients are bound with a smooth 1” nylon binding, and fitted with a 2 1/4” Acetyl buckle. The M20 perfectly complements all of our nylon holsters and duty accessories, which are all built from genuine 1050D senior ballistic fabric. Available in black. The belt is 2 1/4” wide and features a tri-release buckle.

DOUBLE MAGAZINE POUCH
STYLE A01
Belt
This pouch features a snap-to-the-belt design for horizontal or vertical carry. Note: Some models are for vertical carry only.

HANDCUFF CASE™
STYLE A04
Belt
The A04 features a snap-on belt design. Pull-the-dot snap fastener holds handcuffs in place. Accommodates belts up to 1 3/4” wide. Available in black or tan.
DeSantis is proud to support law enforcement.

Concealment holsters are the foundation of DeSantis Gunhide®. Our designs have been honed for almost 50 years through collaborations with our colleagues and customers in the U.S. military, federal law enforcement agencies, and by state and local law enforcement, as well. This effort and cooperation to solve specific issues has led to the maturity of many of our best products. We remain unwavering in our continued pledge: “Quality will never be compromised in a product where dependability of performance is paramount.”
